Easy Grass,

“We want to thank you and the entire Easy Grass Team for your quick and efficient installation of the artificial grass in our gazebo area. As one of the most visited resorts in the FL Keys and a popular wedding venue, Hawk’s Cay Resort strives to exceed the expectations of all of our guests. The quality and workmanship of your product has definitely exceeded our expectation. More importantly, the work was done within the timeframe needed by the blossoming bride, thus making a special event even more unique and memorable. We would gladly recommend your services to anyone who inquires.”

Lenny Petraska

Director of Engineering
Hawks Cay Resort and Marina
