In working with Holt Construction Group, a safe, durable and attractive lawn was created to surround the sculpture seen in the photo by renowned sculptor, Gary Lee Price.

“SYNLawn was the perfect surface to surround the sculpture at Woodbury Commons. It is easy to maintain, and we did not run the risk of damaging the large bronze art piece using a mower or weed-wacker to maintain a sod lawn. We get a lot of positive comments about the SYNLawn and the art”
